Letter of Recommendation for Marklyn Johnson:

It is with great pleasure that I write this letter of recommendation for Marklyn Johnson. Throughout my time working with Marklyn, I have quickly come to know him as a dedicated, thoughtful, compassionate and self-motivated person with superb leadership skills.

Marklyn is a very well rounded individual who has continued to challenge himself both personally and professionally throughout his career, remaining active in various community engagements. This past school year, Marklyn volunteered to come to Edison High School to provide a motivational speech for the Students Now Acting Positively (S.N.A.P.) program. His speech was not only engaging, but sent a powerful message of "Who do you want to be?" to our students. I am confident that this is an area that Marklyn will continue to prosper in.

Marklyn is an eager man that goes above and beyond what is required or expected. Marklyn's ability to balance the demands of a rigorous profession, numerous volunteer efforts and the responsibilities that come along with his diverse career in the entertainment industry is a true testament to his character. It also speaks volumes to his dedication and time management skills. It is these qualities that make Marklyn an asset for any business or agency to covet and has also been the foundation for his past, present and future success.

I am confident that Marklyn will be a positive asset to any school community for future speaking engagements. His incredible intellect and kind spirit, accompanied by his desire and passion to be successful, will allow him to succeed in anything that he chooses.

If I can be of further assistance, please contact me at (732) 650-5200 x 35260.

Sincerely,
