

To Whom It May Concern:

I am happy to recommend Marklyn Johnson, A.K.A. "Mister Direct" as an event host after a very positive experience having him M.C. a music festival that I organize. As Event Director for the Fanwood Summer Fan Jam, an annual Greater Westfield Area Chamber of Commerce event, I recently hired Marklyn to host our 3rd Annual Fan Jam after having had the awkward experience of doing announcements myself the previous two years. Marklyn did the opening and closing announcements as well as sponsor shout-outs, thank-you's, band introductions and crowd interaction between music sets. He took the time and effort to read over the announcements days in advance and make sure all names were pronounced correctly. During the event, his tone was relaxed and fun, and his upbeat banter was family friendly and well received by the crowd. As Event Director, I was freed from having to be tied to the stage and having to worry about plugging sponsors, etc. The result was far more polished event with an experienced host on the mic. I look forward to having Mister Direct host or next Fan Jam!
